About This Product & Recommendations for Optimal Use

This Comprehensive Moving & Handling of People Training DVD/ USB is an essential best practice training tool for Moving & Handling of People Induction & Refresher Training.

Osteopathic Solutions recommends that employees watch each Moving & Handling of people transfer thoroughly until they feel fully confident in their ability to carry out Moving & Handling of People transfers.

We hope you enjoy this Moving & Handling of people training product (in which we put our heart & soul into) & we wish you a successful learning outcome.
We are always at the other end of the phone should you need any advice/help.

Thank you for purchasing this product & remember to always keep 'BackSafe' in Life!

Gareth Milner
Director of Osteopathic Solutions Ltd

What Will Your Employees Learn?

Your Care & Clinical Services Employees will learn the practical application of everyday Moving & Handling of People Techniques & Transfers including hoisting, bed handling, sitting to standing, wheelchair handling, the fallen person etc.

Our 'Setting UK Standards' DVD/USB comprehensively covers every single People Handling Transfer you can think of & is essential for your Moving & Handling of People Training Strategy.

Why Choose Video Training?

Video encourages thinking.

Videos encourage a multi sensory learning experience because they can involve text, moving images & sound.

Using multiple senses to understand a concept allows users to make more cognitive connections; encouraging viewers to understand the concepts better & think deeply.

Behind The Scenes & Partnerships

(A Case Study of this production is available on our website)

We filmed this DVD at a Manchester Moving & Handling Equipment Centre.

Involved alongside our production team, we had our partner, Prism Medical UK, who kindly provided their complete range of equipment & handling aids. Their expert team also got involved on both days in assisting with the Transfers.

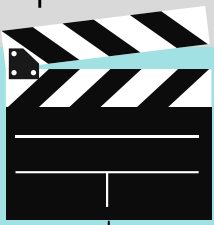
prismmedicaluk
a prismhealthcare company

Thank you so much Geoff & Jason of Prism Medical for working alongside us on this production (Pictured to the left!)
It wouldn't have been the same without you both.

Their Setting UK Standards range of Moving & Handling equipment is available to purchase on our website: **osteopathicsolutions-movinghandling.co.uk/prism-medical-uk-products**

THANK YOU

Behind The Scenes & Partnerships

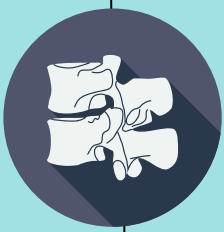


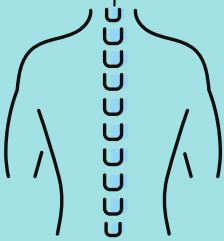
Thank you to the talented Videographer Gary Rogers for working so hard on both filming days to get all of the footage.

If you are looking for a Videographer, you can find Gary's information on:
countrystarproductions.com

We have also recently started a business relationship with BackCare (The National Back Pain Association). For more information on the projects we have recently started doing with this great charity please see our website.

We will be using this DVD as a means of raising awareness for BackCare and we look forward to seeing where working with them takes us in the future!





Behind The Scenes & Partnerships

To our two models, Alan & Vera for being present on both days (Alan on day 1 & Vera on day 2).

You were both a pleasure to work with and we look forward to potentially working with you both again on future Care Industry productions!

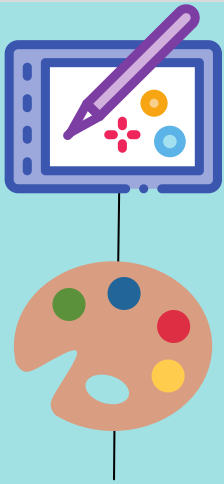
Thank you!

To Shane Du Toit of Spliced Creations for your great video production talents.
As always, it is great to work with someone who is not just a work colleague, but a great friend too.

To our Voice Over Artist who always does an excellent job on all of our training productions; Thank you Sean Antony!
As always, we look forward to working with you on future productions.

Behind The Scenes & Partnerships

To our 'in-house' Designer
Emma Farrell BA (Hons) Design
for designing this booklet & all other artwork and promotion.



THANK YOU!

To the creaters of the physical DVD and USB. Thank you.

voyagecare

Choice Support

To Voyage Care & Choice Support employees for attending & observing during the 2 days. It was great to have you with us!

Lastly, thank you to everyone who has chosen to use Osteopathic Solutions as their training provider.

We are proud of this production & you will be proud to own it too!
